

**"The Welfare Hall is  
rooted very deeply in  
our community.**

**"It's such an important place! Where a lot of us experienced our first theatre experience, participatory arts and expressed ourselves creatively!"**

**"We are very lucky to have such a fantastic venue on our doorstep, away from our television screens. May it continue to provide endless enjoyment to all, whatever their taste."**

**"My favourite place in Ystradgynlais - ever since I moved up here. Drama groups, workshops, cinema, plays, films, NT Live, a meeting place, Welsh classes, Josef Herman Art Foundation, wrestling et al..."**

**"A much needed building  
in the centre of  
Ystradgynlais for  
numerous reasons as  
there is always lots going  
on there for the  
community."**

**"The hall is "home" to a variety of local groups, I think it has something to offer you no matter what stage of life you're at."**

**"Ystradgynlais Welfare:  
Still enriching the  
community in so many  
ways."**

**"I fell in love with theatre at The Welfare aged 12 years old with the Glantawe Theatre Company. It's where I learned to work hard, to play hard, to listen and to lead."**

**"The Welfare has been the centre of the cultural life of Ystradgynlais for generations.**

**I remember going there with my mother 75 years ago to listen to the Ystradgynlais Operatic Society. I still visit today on a regular basis."**

**"A very versatile venue  
that I feel is a huge asset  
to the community. I'm  
immensely proud to be  
associated with it and so  
grateful for all that it  
adds to our community  
life."**

**"The Welfare is a fantastic resource for our community. I have watched so many wonderful plays streamed from London for a tiny of the fraction of the money it would have cost to see live performances. The local panto is a delight, great films available. Who could ask for more."**

**"A versatile venue for so many different occasions and events, and the centre of our community."**

**"For me, the hall is the heart of the community. I am descended from a long line of miners who all contributed their pennies long ago to establish these amazing hubs for their communities."**
